

**LEAGUE INFORMATION FOR TEAM PLACEMENT
PICKLEBALL LEAGUE**

To get an estimate of where your team might be placed, determine the value of each of the top players on your team. Find the average and round the result, i.e., 15.5 goes to 16. Find the level in the chart associated with the result.

AA1=1	A1=5	B1= 14	C1 =23
AA2=2	A2=6	B2= 15	C2=24
AA3=3	A3=7	B3= 16	C3 =25
AA4=4	A4=8	B4= 17	C4=26
	A5=9	B5 = 18	C5=27
	A6= 10	B6= 19	C6=28
	A7= 11	B7=20	C7=29
	A8= 12	B8=21	C8=30
	A9= 13	B9=22	

Team Placement is determined in the following ways: 1) the team's record from the most recent team history during the past 12 months; 2) the average of the top players on the team. If this is a returning team, players identified as returning team members will be valued with the level/flight earned by that team in the past 12 months. All other team members will be valued based on ALTA pickleball league history in the past 12 months.
